Advice for Vendors

[aktions.co.uk](https://aktions.co.uk)

Covid-19 Secure

We want to thank our loyal and trusted clients for your patience during this time.

Our priority is the service we offer our clients, and we want to be sure that we proceed with as much safety and caution as possible.

### **Covid-19 Secure**

Please read this document carefully and assess whether you need to contact us relating to any Covid-19 sufferers.

# Vendors

**Has anyone in your household had COVID-19 or displayed symptoms?**

**If so, have they completed the required period of self-isolation?**

**Is anyone in your household in the high-risk category or currently shielding?**

Please consider the questions above, and should there be anyone in your household that has not yet recovered from COVID-19, is showing symptoms, or if anyone is shielding, then please **contact the office** to discuss your circumstances, and the best way forward to proceed with viewings at the appropriate time.

Should none of the above apply, and you are happy your household is Covid Secure, please find some points to the right that Aktons are putting in place...

*...for the safety of your household, the viewers and our staff.*

## Ahead of viewings

- Please leave all internal doors open to minimise contact required from agent/viewers
- Please leave any windows open where possible to improve ventilation
- Please vacate the property ahead of the scheduled viewing time to minimise contact/number of people in your home at any one time

## During / Following the viewing

- All parties in your home will be required to wear gloves and shoe coverings
- Number of people will be limited to two viewers only (no children)
- We will spray any doors handles/areas we think may have been touched with a disinfectant once viewers have left

Thank you for considering  
our guidance with care.

You are helping us to ensure  
the safety of your household,  
the viewers and our staff by  
being Covid-19 Secure.
